

# Let's Talk About Angular

By [@rodyhaddad](#)

# Who Am I?

- Name: Rodric Haddad
- @rodyhaddad on the web
- AngularJS contributor
- 2014 Summer intern on the Angular team

# This Talk

1. Intro
2. **Scopes**: The Good
3. **Dependency Injection**: The Badass
4. **Directives**: The Necessary?
5. Q&A?

Dessert Anyone?

# Scopes

# Scopes: What do they do?

Data binding between JS and HTML

# POJOs

Plain Old Javascript Objects

# Watchers

Dirty Checking

# Scopes: Angular expressions

They're awesome.

# Scopes Recap

# Dependency Injection

# Dependency Injection

Not a service locator

e.g. RequireJS

# Dependency Injection

Injecting Dependencies

# DI in Angular

Modules & Services

# Benefits of DI

# DI in Angular

- Modules, examples:
  - ngAnimate
  - uiRouter
- Services, examples:
  - \$http
  - \$translate
- Check the docs...

# Directives

# Directives

Teach HTML new tricks

What do you mean, damn it!

# Real App Demo

# Directives Lifecycle

Q&A?
